Boundary changes implemented in 2011-12

Students affected by the 2011-12 boundary changes who would like to continue attending their current school, need to fill out an online School Choice Application. Note: the elementary School Choice application first consideration deadline has been extended one week to February 18. Kindergarten students should follow the regular registration process (register at the new neighborhood school and complete the online School Choice Application to request a space at a school other than the neighborhood school). If a student is going to attend his/her new neighborhood school no action is needed.

Transportation services will be provided to the new neighborhood elementary school under the district's transportation guidelines. Students living in the attendance areas affected by boundary changes and who choice back into their old neighborhood school will have a two year option for bussing during 2011-12 and 2012-13. Transportation will also be available to students who move into an attendance area and have not previously attended the 2010-11 neighborhood school but choice into that school, but only for the two year period.

Beginning with the 2013-14 school year, transportation for all school choice students attending a school outside their neighborhood boundary will be the responsibility of their parents/guardians. Students with an Individual Education Plan (IEP), which includes transportation as a related service will be evaluated on an individual basis. If you aren't sure if you are affected, please call your current school or Sarah Siple at 970-490-3501.
