

# 2008 Colorado State Science Olympiad

## Blevins Science Olympiad Wins State Again

The team went into the State competition at Golden this Saturday knowing there would be some stiff competition coming from Leshur Junior High and two teams, Connect Academy and Platte River Valley, from the southern part of the state. The awards ceremony was tense; Leshur's two teams took (13) first, second, and third place individual medals to Belvins' (8) second and third place medals. But Blevins proved to be the stronger team placing in the top ten rankings in an incredible twenty out of twenty-three events beating the fourth place Platte River team by (49) points, the third place Leshur team by (47) points and the second place southern Connect school by a resounding (40) points.

Individual medals went to the following team mates:

2nd Place: Amphibians and Reptiles	Erik Evans & Matt Hardman
3rd Place: Anatomy	Brennan O'Grady & Jennifer Erickson
2nd Place: BioProcess Lab.	Alex Nuckols & Brennan O'Grady
2nd Place: Oceanography	Jace Spraker & Erik Evans
2nd Place: Road Scholar	Sven Swanson
3rd Place: Science Crime Busters	Meleena O'Neill & Erik Evans
3rd Place: Scrambler	Delani Miller & Kim Marsden
2nd Place: Simple Machines	Max Flynn & Sven Swanson

The team will now prepare for the National Competition in Washington D.C in May. Congratulations to all team members on a definitive victory and Good luck at the National competition.
